New Business And Apartment Bldg. Now In Operation

LOWNES OPENS ONLY 2-STORY STRUCTURE OF MANY NEW BUILDINGS

This week has brought to practical completion the new Lownes 2-story business and apartment building on Newport Ave. adjoining on the east the Lownes business structure that houses the Gilbert Variety store.

Both the stores on the lower floor are opening this week and tenants for the upstairs apartments are moving in this week also.

The new building has 50-foot frontage on Newport, is 100 feet deep, has two floors and a floor of space of nearly 10,000 square feet, and has been under construction for several months by the San Diego Building Co., Inc. of San Diego.

Each of the stores is divided into several rooms particularly suited for business purposes.

An unusual modernistic feature of the store fronts are the setting of the large display windows at an angle.

Stairs leading to the six apartments on the second floor are in the center of the building. Each apartment has three rooms and is modern in every respect. An upstairs feature is a walkway around the building with wide veranda at the rear, affording outside entrance to each of the apartments.

The new Lownes building is the last of the numerous new business structures in the local business district to be completed this year and is the only one of these that contains two stories.

Local Church Plans Street Candlelight Service for Yule

The Point Loma Methodist church of Ocean Beach situated at the corner of Saratoga and Sunset Cliffs has completed plans for an outstanding candlelight service Christmas eve, announce those in charge.

"The program is to feature the regular church choir, also the congregation, in singing Christmas carols and is designed to interest the entire family as we feel on this eve of the day of universal rejoicing the family in a unit should take part," they say.

"The outstanding part of the program will be at the close of the service when each member of the congregation will be asked to light a small candle from a master candle as they pass out of the church door, the object being to keep your candle lighted until you reach home. The beauty of the lights going in all directions is one many will never forget. The light of Christianity and the world's Saviour thus goes out into the community. This service will start at 11:30 p. m."

The Scouts provided instruction to the Cubs on the playing of Scout games. Features of the campfire session were the roasting of marshmallows, the refreshments also including cokes and cookies.

For other entertainment, a short skit was given and Scout songs were sung.

Expect Program On Beach Improvement At C. of C. Meeting

Improvement of the local beach from the foot of Newport to the foot of Voltaire St. has been decided on as the most timely topic to come before the general membership of the Ocean Beach Chamber of Commerce at its December meeting. The directors are again asked to notify the members that the meeting will be held on next Monday evening, Dec. 2, at the Woman's clubhouse, corner Bacon St. and Muir Ave. at 7:30 p. m. Milton Lancaster, program committee chairman, announces that he will attempt to get a speaker from the city planning department to report on the status of plans for beach improvement here.

While the project as yet is in the planning and wishful thinking stage, the plans that have been aired in the downtown press recently are reported to emphasize a recreational development that will take in the beach area from the foot of Voltaire St. to the foot of Santa Monica Ave. Maps that have been published of the project show a picnic area, car parking areas, children's playground and an extension of West Point Loma Blvd. that would parallel Abbott St. and provide access to the ocean beach between the streets mentioned.

To Elect Directors

Main item on the agenda for the business session Monday evening will be the election of five directors to serve for the ensuing two-year term. A nominating committee consisting of A. J. Morss, Milton Lancaster and F. B. McElwee will submit the names of Homer Gravelle, Mrs. Ruth Anderson, R. E. Miller, E. M. (Gene) Henderson and Purcell Webb as the nominees. No other nominations having been made by the deadline date of November 21, it is expected that the five mentioned will be unanimously elected as directors and that they will be added to the following six holdovers:

Richard Hilmen, Glen Jones, Milton Lancaster, Arnold Morss, Rollin Reed and Frank F. Swan.

FIRE AT ARTS SCHOOL CAUSES EXCITEMENT

A lighted cigaret left in a davenport at the San Diego School of Arts and Crafts caused a bit of excitement last Sunday evening at about 9 o'clock. Fortunately the fire was discovered in time by Director Orren Louden who reported only one painting blistered badly and the piece of furniture beyond repair.

L. Leonard Bonham of Laguna Beach, Calif., a pharmacist, has been asisting in the Schneider drug store this week.

Glen Cords Paint Store Will Open Saturday Morning

An event of keen interest to residents of this area is the opening of Cords Paint Store on Saturday morning of this week. The new store is located in the new Cords buiding on Cable St.

Owner Glen Cords has procured good stocks of those "hard-to-get" items in Devoe paints, artist supplies, wallpaper, brushes, Libbey-Owens-Ford glass and famous U. S. Gypsum paint products, he announces.

"This progressive community," says Glen, "is in need of a local paint store with complete stocks of merchandise. After careful investigation of various brands on the market I chose the Devoe & Reynolds line, and proudly offer these excellent materials to Ocean Beach residents."

The store is stocked with merchandise that will please the homeowner, painting contractor, the artist and art student.

Glen Cords, a graduate of Point Loma high school, has been around the beach area since 1924 and is now living at 4844 Coronado Ave. He says that he has always been interested in paints and painting.

The store has two ample show windows for which Glen has plans to be disclosed later and two lines of show cases down the center of the room, made of blond natural finish oak, with brown linoleum tops. Turquoise is the color of the back partition, with chartreuse shadow boxes set into it for special display purposes. The designer was Richard L. Crowthers of San Diego who has shown a great deal of talent in designing this much-needed store for Ocean Beach, local critics report.

Ocean Beach School Has Two Days Off For Thanksgiving

Teachers and pupils of Ocean Beach Elementary school have a two-day holiday account of Thanksgiving, the school administration reports.

Reporting on special activities for the past week the teachers have submitted the following for publication in The Ocean Beach News:

"The fourth grade of Miss Leta Lipp's group, room 14, have been studying about the people of Mexico. On Friday, they had a special Mexican luncheon, with a menu consisting of Mexican chili, Mexican salad and tortillas. The chili was supplied by Mrs. Anne Bradbury, the salad and vegetables by the children and the tortillas were furnished by Mrs. Ralph Kimball. A special guest at the luncheon was Miss Vesta Petersen, the school principal.

"The afternoon kindergarten, Miss Gwendolyn Townsend's group, visited the Ocean Beach Branch library on Friday afternoon, Nov. 22. They looked at picture books and the exhibits for children's Book Week. Miss Elsie Loudan, children's librarian, demonstrated the care of books and the method of checking them for taking home. Mrs. Basich and Mrs. Hann accompanied the group.

"Children of Franklin Grant's sixth grade gave an assembly program on Wednesday morning, Nov. 27. A play, based on a Thanksgiving class discussion, was the main feature and also two piano solos were offered."

Local Man One Of Two Saved From Sinking Tunaboat

An Ocean Beach resident, Frank F. Prestipino of 4876 Del Mar Ave., was one of two survivors of the tunaboat "Old Glory" which sank Sunday night in Mexican waters 160 miles south of here. One man was known to have been drowned in the accident and five are missing.

The boat, en route to Magdalena bay, sank in heavy seas when the equipment and supplies on deck became loose and impaired the balance. The boat heeled over and failed to right itself. Prestipino, Eugene R. Hodges of San Diego, member of the boat, and Frank Olichnowski of Belle Vernon, Pa., got into one of the two skiffs which the boat carried. The other four men got into the other skiff.

Olichnowski, an ex-Marine who had been wounded in the South Pacific, weakened fast under the pounding of the waves, and died about 2 a. m. and his body washed overboard.

When dawn came Prestipino and Hodges began rowing for San Martin island, which they could see in the distance. One would row while the other bailed. They rowed all day Monday and finally reached the island about 1:30 Tuesday morning. There they went aboard another fishing boat and radioed for help.

They were returned to San Diego about noon Tuesday by a coast guard plane. Both men were ordered to bed by their doctors to recuperate from fatigue and exposure.

No trace has been found of the other four crewmen or their skiff. The coast guard and other fishing boats are continuing the search.

Capt. and Mrs. John Hamas of 1575 Ocean Front Blvd. have adopted a 14-year-old Czechoslovakian boy who has been trying to provide for his mother and three younger brothers and sister since his father was killed by the Nazis. Under the Foster Parents' Plan for War Children, the Hamases will provide monthly monetary support for the impoverished youth and his family.

The boy, Emil Kukicek, is at present in Foster Parents' Plan center in another country, but will be returned to his home as soon as possible.

Capt. Hamas, a veteran Marine Corps officer, was born in Czechoslovakia and came to this country at an early age. He recently returned from Japan where he was called to testify in the war crimes trials. The captain was among the valiant defenders of Wake island early in the war and spent three and a half years in a Japanese prison camp.

At least 100 adults and children of Bethany Lutheran church plan to attend the "Lutheran Hour" rally in Escondido Sunday afternoon at 3 o'clock, Rev. Martin Lankow, the pastor, reported Tuesday. Says Rev. Lankow:

Speaking over 906 stations each week with the broadcast emanating from stations under 34 flags, the large Escondido high school auditorium has been arranged for this rally. Bethany will be among the San Diego churches represented in chorus to sing at this rally."

Rev. Lankow announces his services for the coming week as follows:

"'We Would See Jesus' will be the sermon theme introducing the Advent season and the new church year at both the 8 and 10:45 o'clock services at Bethany church, Sunset Cliffs Blvd. and Cape May Ave. Sunday school and Bible classes meet at 9:30. On Wednesday at 9 a. m. the parents and friends of Bethany school are invited to attend the children's matins."

Kiwanis Presents Film Projector To Boy Scouts Area

NEW EQUIPMENT TO BE USED TO TRAIN BOY SCOUTS LEADERS

Meeting of the Ocean Beach Kiwanis club Tuesday evening was featured by the presentation of this group's share in a film projector that is to be used for the training of Boy Scout leaders in the area of the San Diego Scouts Council. Three other Kiwanis clubs, including the downtown club, the East San Diego Kiwanis and the La Jolla Kiwanis joined in the purchase of the $300 equipment. Ocean Beach Kiwanians contributed $60.

Wallace Parr, the outgoing president of the East San Diego club, made the presentation, after being introduced by Arnold Morss, recently elected district Boy Scouts chairman. Parr stated that all the 210 Scout troops and Cub packs in this area, comprising a total of about 6000 boys, would be affected by this new method of helping to train the adult leaders needed to carry on Scouting in this large area.

Chairman W. B. Oster of the program committee, presented Bob Seward of San Diego in a humorous discourse entitled "My Grandfather."

Secretary Harry Masters announced the annual divisional Kiwanis meeting of all the clubs of the 11th district, to be held Wednesday evening, Dec. 4, at the San Diego Woman's clubhouse at Third and Maple Sts. A large proportion of the members signified their intention to attend the meeting.

Ocean Beach P. T. A. Membership Drive Adds 93 Members

(By Mrs. Ralph Follick)

Mrs. R. E. Johnson, first vice-president and chairman of the recent membership drive, announces a membership total of 427 which includes 93 men. She reports this is an excellent response from the parents and that the Ocean Beach P. T. A. expresses appreciation for the great interest shown. At the end of the school year last June the total membership was 339 so this fall the increase is almost 100 and probably will surpass that mark before the year ends as new pledges are still coming in, Mrs. Johnson reports.

The teachers at the Ocean Beach Elementary school showed real enthusiasm and helped materially in getting parents to join the P. T. A. The executive board of the association wishes to thank the teachers for their active participation in this membership drive.

At the December 3 monthly board meeting of the P. T. A. to be held in the cafeteria of the Ocean Beach Elementary school details for the December meeting will be discussed. On December 10 a school children program will be the feature of the P. T. A. meeting. They will present "Christmas in Many Lands."

The ever popular monthly square dance will be held Saturday, December 7, in the Ocean Beach school auditorium at 8 o'clock, the P. T. A. announces. Barry Binns will call the dances and provide the music. Tickets at the door, they say.

Improvements For Ocean Beach, Plan Of Local C. of C.

VARIOUS MATTERS UP FOR DISCUSSION AT DIRECTORS MEETING

Various proposed improvements for Ocean Beach were up for discussion at the November meeting of the Chamber of Commerce directors held here Tuesday afternoon.

Regarding the parking problem in the Newport Ave. business district, a motion passed asking the secretary to obtain from the city a report on the previously announced city decision to install two-hour parking signs. Plan is to restrict parking in the local business district's main streets to two hours.

To Survey Stores Opening

A motion passed asking the Ocean Beach News to make a survey of the local stores to obtain the merchants' sentiment regarding keeping the stores open here in the evenings until 9 for a week or two prior to Christmas. The directors were informed that many of the merchants preferred to be open until 9 for the accommodation of Christmas shoppers. The News was asked to make public an announcement of what the local business men decide to do about the matter.

Improvement of the main streets of the local business district also was discussed, particularly the need for re-surfacing of Newport Ave. and for cleaner streets. Complaints have come to the attention of the directors that the city has become rather lax about the street sweeping job. As a result the secretary was asked to present these complaints to the city with a view to remedying this condition. Also the alleged unsanitary condition brought about by the pool of stagnant water inside the seawall between the wall and the shore at the foot of Cape May Ave. was again urged as needing attention.

Enlist Aid for Pier

Action also was taken instructing the secretary to contact by letter other Chambers of Commerce in the city also the fish and game association with a view to getting more help in the campaign for the completion of the fishing pier at the foot of Del Monte Ave. Since the pier is for the benefit of the entire city, the directors felt that other commercial organizations should lend their aid to the end that the construction of the pier be completed at the earliest date possible.

Chairman Arnold Morss of the Christmas street decoration project committee reported that the campaign for the necessary funds is proceeding satisfactorily, that the response is good and that the decorations should be in place by Dec. 7. Secretary Rolin Shaw reported that the city council Tuesday had approved a petition from the local Chamber of Commerce asking for use of the street lamp posts for the decorations.

To especially mark this Thanksgiving of 1946 advanced drama thespians presented a one-act play in the regular student assemblies, Wednesday, November 27. Those appearing in the play "A Psalm of Thanksgiving" according to Don Walker, student director, were Carol Ihrig, Harry Shannon, George Riebau and Norma Ghio. Stage design students who designed and constructed an approximate set for the play were Frank Crump, Ralph Canfield, and Alfred Gross.

Lindberg; secretary, Mrs. Phyllis Price Lundberg; treasurer, Miss Henrietta Tschatter. Another business meeting will be held in the spring semester, according to President Claspill. BAPTIST YOUNG PEOPLE HEAR CHAPLAIN GEARHART

The S. O. S. Baptist Training Union, young people's group at the Ocean Beach Baptist church, held a "starvation" dinner Friday evening, Nov. 22, at the church. Proceeds will be turned over to the World Mission Crusade to aid their campaign to feed the hungry people of the world. Chaplain Gearhart, who served in World War II, spoke on the missionary work in the Philippines. He showed moving pictures of the leper colony on Panay island and of the devastation of Manila. Solos by Misses Evelyn Petty and Mary Belle Brewer completed the evening's entertainment.

"NEEDLENOISE"

(By Ellis Jacobson)

Here we are for just a short spin this week. It's Artie Shaw's latest release on Musicraft, "Anniversary" and "Guilty." Anniversary turns out to be an instrumental with a lot of kick. The arrangement contains some fine ideas, plenty of power but not congested as many instrumentals are now. The brass and reeds are very clean and are backed by a strong rhythm section. Shaw's clarinet is good though not up to his usual par. He sounded a little weak and unsteady. If you liked "The Glider," "Let's Walk," and "The Hornet," you'll go for this record. The reverse features Mel Torme and The Tones on a number titled "Guilty." Torme carries a tune well and has a very pleasing voice. The Mel Tones are a better than average vocal group and back Mel nicely. Nothing unusual happens on this side but with the Shaw touch it's still a good record.

The Palladium dancery in Los Angeles has decided to dish out more money and obtain the top orchestras. It's about time! That's it for now.

TAX PAYMENTS TO BECOME DELINQUENT AFTER DECEMBER 5

This coming Thursday is December 5, the delinquency date on the first installment of taxes, and after that date a 6 per cent penalty must be added to first installments of taxes remaining unpaid, announces S. A. Claggett, county tax collector. He recommends that taxpayers who intend to mail in their remittances do so not later than Wednesday, December 4, to insure that the envelopes enclosing remittances will not be postmarked later than December 5, because penalty must be added in case of postmark after that date.

"If any taxpayer has not received tax bill he should immediately telephone or write to this office," he says, "giving the legal description of his property, and request tax bills, because property owners are responsible for obtaining tax bills on their property and because this office mailed all tax bills the latter part of October, where addresses of assessed owners were available."

A Complete Line of

DEVOE PAINTS & VARNISHES

Our policy in public service is simple and uncompromising . . . WE FEATURE THE BEST! After an exhaustive search of the Paint Industry we were motivated in deciding upon DEVOE PRODUCTS by the following considerations:

★ 1. America's Oldest Paint House. Founded 1754, Devoe Products have stood the test of time.

★ 2. Quality. A survey of the painting profession brought unqualified endorsement of Devoe Quality. Adding poll of public-opinion, "Devoe" was the obvious conclusion.

★ 3. Laboratory facilities of Devoe, with a staff of over 130 chemists and technicians, evidenced a continuing trend in quality leadership!

★ 4. Practical tests proved Devoe Quality. Just as Devoe's Engineer of Product Quality proved claims of superiority, so did our own practical tests.

★ 5. Complete line. Devoe line permits us to give universally good service, as it includes Devoe manufactured items covering every phase of painting—paints, varnishes, stains, colors, enamels . . . even brushes!

★ 6. Dollar for dollar, we believe our customers will receive greater value in the Devoe Line!

A DOLLAR DOWN

The American people have probably bought more things via the "dollar-down-dollar-a-week" method than all the rest of the people on the globe put together. In the past however, credit terms have often been too easy. Persons with low sales resistance and equally low incomes have frequently been lured into undertaking too many obligations. Time was when one might even buy a house on what virtually amounted to a "dollar-down" basis.

The recent relaxation of most credit restrictions imposed during the war will make easy terms available again on numerous items. But many Americans now see that it is to their own advantage to use credit carefully. The man who pays cash for purchases or makes substantial down payments eliminates all or most of the added expense for interest or carrying charges. This also applies to the purchase of a home—only more so.

Today, in buying a new home many individuals who can afford to are paying 50 percent or more down and are making their monthly payments as large as their income will allow. In this way they substantially cut the overall cost and, in a degree, compensate for current high prices.

In the final analysis, a house or anything else bought on time costs not just the sale price but also all the interest on the unpaid principal. A home purchased for $10,000 on the basis of 10 or 20 percent down with the balance spread over 20 or 25 years will actually cost several thousand dollars more than $10,000.

Of course, many families are not able to put down a hefty chunk of cash and maintain large payments, but those who can should do it.

The dollar-down technique may be all right in its place but the practice of paying one's debts as quickly as possible not only costs less in the long run but puts one in a better position to save for other purposes.

In short, it's just good horse sense.

JOBS—"MIRACULOUS"

California is doing quite all right, thank you, as far as the unemployment problem is concerned. Governor Warren recently termed the job situation as "little short of miraculous." We can always stand a few miracles. According to Mr. Warren only 260,000 persons are unemployed in spite of the fact that the State has had a population increase of more than 2,000,000. Without doubt a large number of the jobless could be working if they chose to accept positions that are now vacant. Come to think of it, it's really quite miraculous that there could be any unemployment at all with so many employers seeking desperately for help. While some of the jobs available are not attractive financially, many of them offer very good pay. One trouble is that too many individuals prefer to make a "business" of being unemployed. That's one business in which success means failure.

"FLIGHTSEEING"

The publication of pictures taken by a camera mounted in a V-2 rocket as it sailed into the stratosphere above White Sands, New Mexico, gives us a preview of what "flightseeing" may be like 20 years from now. At a height of 65 miles above the earth one would be able to see a distance of about 1200 or 1300 miles from east to west or north to south. Over White Sands, at that elevation the view would extend from San Diego to Kansas City and from San Antonio to Salt Lake City. That's approximately 1,600,000 square miles of the earth's surface. Of course, from that high in the heavens you wouldn't be able to pick out familiar spots with the naked eye but you could certainly say that you had seen a lot of the country. You could also say that you had traveled extensively—up and down.

Dr. David Hjartarson of the Sand-Oster Clinic and Miss Hovdey, a teacher at the Warren Walker school will have Thanksgiving dinner at the home of Dr. and Mrs. W. B. Oster of Voltaire St. Mrs. Oster reports that the turkey is to be one that was awarded Dr. Oster at the last meeting of the Kiwanis.

A special Thanksgiving Holy Eucharist service was held at the Trinity Episcopal church yesterday (Thursday) morning. Rev. Philip Harris conducted the service.

"Something is wrong with my chickens. Every morning when I come out I find two or three lying on the ground cold and stiff with their feet in the air. Can you tell me what is the matter?"

After a little while she received the following letter from the department:

OPEN HOUSE AT ARTS SCHOOL PLEASES LARGE AUDIENCE OF GUESTS

The "open house" at the San Diego School of Arts and Crafts last Sunday afternoon after the regular Sunday workhouse session is reported a success, with about 80 guests attending. Says Director Orren Louden, "It looked like a bargain day at Macy's by 4:30 in the afternoon." Among the artists present was Ernest Pohl who is at present exhibiting at the La Jolla Art Center. "They were all delighted with the school and its progress," said Louden, and we plan to make this a regular weekly event."

POINT LOMA TEEN TOWN DOINGS

(By Nancy Fieger)

A slumber party was held at the home of Glee Randolf last Saturday, November 23. Those seen there were Nancy Peterson, Priscilla Allen, Annabelle Ryan, Joey Wight, Joanne Jenson, Ethel Williams, Poppy Wilson, Barbara Foran, Joyce and Janet Bischoff, Adele Hardie, Pegy O'Neal, Marcia Drummet, and Irene Brainard. All the girls are members of the Trez-N's.

Another Slumber Party

The La Cheres also had a slumber party last Saturday, November 23, held at the home of Margaret Mason. Shirley Graves, Ida Johnson, Betty and Barbara Timmons, Shirley Hill, Barbara Ward, Darline Gardner, Suzie Kelley, Nancy Wilhelm and Ann Roswell were a few who were there.

Still Another

Last Saturday seemed to be "Slumber Party" day, as the Prims had their slumber party at Mary Blake's home Saturday night. Both old and new members were there.

NEWS IN BRIEF

Mrs. Frank Webster and her daughter, Amy Webster, were Thanksgiving day guests of Capt. and Mrs. Spencer L. Higgins at their home in Mission Hills.

Rev. and Mrs. H. A. Pegg of the Elim Assembly of God church are spending the Thanksgiving holidays in Lancaster, Calif., where they will visit at the home of Mr. Pegg's parents, Mr. and Mrs. A. D. Pegg.

Mrs. Annie Rigby of Coronado Ave. was injured Thursday, Nov. 21, when she was struck by an auto at a downtown San Diego intersection. She was taken to the county hospital for treatment.

Word was received recently that Andy Bradley of San Antonio, Texas, who has spent the past several summers here, is recovering from a serious illness. His wife is the former Mamie Parcells, daughter of Mrs. Annie Parcells of 2076 Bacon St.

Col. and Mrs. Floyd Bennett entertained at Thanksgiving dinner at their home, 4393 Santa Monica Ave. Their guests included their daughter, Mrs. Robert J. Gorton, their son, Lieut. Walker G. Bennett II, his wife and baby son, and Col. and Mrs. Edward P. Simmons and their daughter Cynthia of La Jolla. This was the first time in several years that the Bennett family have been together for Thanksgiving.

Monte Insko, son of Mr. and Mrs. Myron Insko of 4565 Brighton Ave., is now employed as a city bus driver in Fort Dodge, Iowa. This is young Insko's first experience with prolonged cold weather and he reports that he's learning plenty about human nature from the short-tempered bus passengers. While in Iowa he will visit occasionally with his two uncles, Mark Insko of Bode, Iowa, and Merrill Insko of Manson, Iowa.

The students of the St. Stephen's school of the Trinity Episcopal church made Thanksgiving favors which they presented to the patients of the Children's Convalescent hospital in San Diego.

Dr. Byron G. Bailey of the U. S. Navy is expected to arrive at his cottage on Saratoga Ave. this week. Dr. Bailey recently underwent an operation at Mercy hospital for correction of injuries received in the war. He will recuperate here in Ocean Beach.

"SOUND OFF"

Question: Do you think that the recent wartime boom and resulting increase in population has been a help to Ocean Beach?

"I think the increase in population has benefitted Ocean Beach because the larger population has made it more worth while for the merchants to come in here. All of this has added life to our community."—Mrs. W. T. Page, a resident here 23 years.

"I'm glad to have such a complete shopping district as has been brought here by the increase in population. It's no longer necessary to go to San Diego to shop and it's a wonderful place to raise children since we have such a well equipped school."—Mrs. Frank Pearce, a resident of Ocean Beach for 13 years.

"I like all the nice new homes that the population increase has produced. Ocean Beach has grown almost unbelievably in the time since I first came here."—Pearl Struthers, an 11-year resident.

"I intend to do all of my Christmas shopping right here at the beach since it has built up so much that one can get almost everything here."—Mrs. C. D. McCauley, a resident of 10 years.

"The increase in population has brought more people to work in the new larger stores at the beach and they appreciate being able to do their shopping during their lunch hours."—Patricia McCauley, a native daughter.

"Of course I did like our little post-war community here at the beach, but I certainly wouldn't hold up its progress even if I could. I couldn't help but be pleased with all the lovely new homes and the new and improved shopping district we have here now. Ocean Beach is very much improved since I came here 27 years ago."—Mrs. Elizabeth Hanna, a 27-year resident.

"I liked Ocean Beach as it was when I first came here in 1926. We had all the big city privileges without the concessions and congestion. Especially the beach, it was a much better place for the children then and they could enjoy the sunshine more safely. And Mission Bay was a better playground with a lot of shallow water making a safe place for the children to fish. As far as business was concerned the beach attracted many people from Arizona and Imperial Valley in the summer time and from the colder states in the winter. In other words we got along alright here before we had all the increase in population."—Mrs. Harry Jordan, a 20-year resident.

Question for next week: Do you think the increase in number of divorces indicates a weakening of morals in this country?

FIELD AT L. A. COLISEUM SAT. SLOPPIEST EDITOR AND WIFE HAVE YET SEEN

Editor and Mrs. Frank F. Swan took in the U. C. L. A.-U. S. C. football game at the Los Angeles Coliseum Saturday which the Bruins won 13 to 6 and spent the week-end in the metropolis. They report the gridiron the wettest and sloppiest they ever saw for a football game. Parts of the field were under water and the attempts, with the use of a few bales of sawdust, to cut down on the mud were only partially successful. Luckily for the 91,000 spectators, as well as the players, the drizzling rain that had fallen during the previous night and during Saturday forenon quit just in time for the game. Had it been a clear day no doubt the extra 10,000 seats would have been occupied since all the seats had been sold for weeks in advance. For once the ticket scalpers were out of luck, and either were caught "holding the sack" or had to offer their tickets at a considerable loss.

The editor received the impression that the crowd generally outside of the students of Southern California were largely pulling for U. C. L. A. to win and were accordingly well pleased with the verdict. Their main gripe is that the Bruins will not be permitted to play the famous Army team in the Rose Bowl. Instead, Illinois U. will now be the opponent for U. C. L. A. on January 1 as result of the five-year pact that the Pacific Coast conference and the Big Nine of the middle west have entered into.
